

## 54Mbps USB Adapter

### IEEE802.11b/g USB Adapter Datasheet

Version 0.1 Released dated: 3 July, 2007

Model: UT7720A

The UT7720A 54Mbps USB adapter enables wireless networking systems to attain data transmission speeds up to 54Mbps, and allows users to connect a network from an USB-enabled desktop or notebook PC and enjoy wireless access such as share printers, files within your network.

To install, simply plug the adapter into any available USB port. It gets its power through the USB connection. With friendly software UI (User Interface) and easy configuration setup wizard tool, the WLAN USB adapter is easy to setup and maintain. Once you're connected, you can easily access the Internet and your wireless communications can be protected by enhanced encryption.

#### FEATURES

- .Complies with IEEE802.11g, IEEE802.11b standards
- .Supports WPA data security, TKIP/AES encryption, 64/128-bit WEP encryption
- .Supports 54/48/36/24/18/12/9/6/11/5.5/2/1 Mbps wireless LAN data transfer rates
- .Provides USB interface
- .Supports ad-Hoc and infrastructure modes
- .Supports roaming between access points when configured in infrastructure modes
- .Easy to Configure and Provides Monitoring information
- .Internal Antenna
- .Its auto-sensing capability allows high packet transfer up to 54Mbps
- .Transmission distance: indoor up to 100 meters, outdoor up to 400meters (it is limited in an environment)

### SPECIFICATIONS

- . Standards: IEEE802.11g; IEEE802.11b;
- . Interface: A-type USB 2.0 connector
- . Frequency: 2.4~2.4835GHz
- . Transmit power: 18dBm (Typical)
- . Operating temperature: 0 degree to 40 degree
- . Operating humidity: 10% ~ 90% no-condensing
- . Product size: 80\*25\*10mm
- . Product gross weight: 13.0g
- . Package information

Carton Size: 55\*43\*39CM

Qty.: 200pcs/Carton

N.W.: 16kg

G.W.: 17kg
